

Young K. Sohn
President and Chief Executive Officer
Inphi

Young K. Sohn has served as Inphi's President and Chief Executive Officer since August 2007 and as a director since July 2007. Prior to joining Inphi, Mr. Sohn served as an Advisor at Panorama Capital, a venture capital firm, from June 2006 to June 2007. From August 2003 until his retirement in March 2005, Mr. Sohn served as President of Agilent Technologies, Inc.'s Semiconductor Group, now known as Avago Technologies, and as Chairman and Chief Executive Officer of Oak Technology, Inc., a semiconductor company, from 1999 until it was acquired by Zoran Corporation in August 2003. Mr. Sohn worked as Co-President of Quantum Corporation, a data storage solution products manufacturer, from 1993 to 1999. He also worked at Intel Corporation, from 1983 until 1993 as a Business Unit Manager of the company's PC chipset business unit, which achieved #1 PC chipset market share under his leadership.

Mr. Sohn was an advisor to the Massachusetts Institute of Technology Media Lab's OLPC (One Laptop Per Child) program from 2005 to 2007 and was the past President and Chairman of the Asia America MultiTechnology Association (AAMA) from 2001 to 2003. He currently serves on the board of directors for ARM Holdings PLC and Cymer, Inc.

Mr. Sohn holds a B.S. degree in electrical engineering from the University of Pennsylvania and an M.S. degree from the MIT Sloan School of Management.
