---

Mohawk Valley EDGE, in partnership with the New York Loves Nanotech Division of CEG, will be a sponsor of the Semico Summit Sunday through Tuesday in Phoenix.

“Thanks to the generous support of National Grid and the Oneida County IDA, we’re able to take our marketing efforts for Marcy NanoCenter directly to industry executives during this special annual Summit,” said Mohawk Valley EDGE President Steve DiMeo.

Since 1997, the Summit has provided opportunities for interaction with top-level leaders in a casual setting. Hot-button issues are pressed with featured presentations delivered by internationally recognized leaders and followed by Q&A sessions.
